- 12. Structural member

\*Dependant on glass specification / thickness

This is a suggested installation detail which may not be exactly applicable to all situations and constructions. It is not a detailed or constructional proposal. Installers and designers are advised to check their own details for compliance with all currently applicable Local Authority by-laws, Acts of Parliament and British / ISO standards. This detail does not specify a kerb height. We recommend that installers follow the guidance outlined in BS6229:2003 - Flat roofs with continually supported coverings - code of practice.
