

Key:

1. The Studio Designer Neo Rooflight casement fitted with glazing unit (1a).
2. The Studio Designer Neo Rooflight baseplate fixed to the structural support (3*) using supplied coach bolts and washers (2b) through fixing lugs (2a).
- 3*. Structural support member - maximum width 50mm.
- 4*. Timber reveal to align with rooflight linings (8) to provide a 'frameless' internal appearance.
5. Factory fitted rooflight Thermoliner.
- 6*. Timber packers fixed to structural support (3*).
- 7*. Plasterboard lining with plasterboard stop to protect corner. Fixed to timber packers (6*) and fitted behind rooflight Thermoliner (5).
8. Integral timber linings pre-treated and finished in RAL9010 (pure white) as standard.

*Indicates those components NOT supplied with the rooflight and are therefore supplied by the contractor/rooflight installer.

PLEASE NOTE: These sectional details are provided as an installation suggestion. Due to the differing nature of installations, we strongly advise you to consult your rooflight installer to verify fitness for purpose. This drawing does not constitute a structural proposal. Sufficiency of structural supports to be checked by rooflight purchasers structural consultant.
